Academic appointments

University of Calgary, Haskayne School of Business

Assistant Professor of Finance 07/2026–present

Deutsche Bundesbank

Acting Head, CBDC Systems Analysis Group 07/2025–03/2026

Tech Lead, Architecture & Security, Digital Euro 2022–2025

Bocconi University

Assistant Professor of Finance 2013–2022

Cornell University

Visiting Assistant Professor 2017–2018

Education

Universitat Pompeu Fabra

Ph.D. in Economics, Finance and Management (sobresaliente cum laude) 2014

M.Res. in Economics, Finance and Management 2008

Universität Leipzig

Diplom in Physics and Vordiplom in Economics 2006

Michigan State University

M.Sc. in Physics 2003

Publications

Finance and financial infrastructure

“Bank Competition and Information Production” (with Filippo De Marco). *Journal of Financial and Quantitative Analysis*, 2024, 59(7), 3479–3499.

“The Redistributive Effects of Bank Capital Regulation” (with Elena Carletti and Robert Marquez). *Journal of Financial Economics*, 2020, 136(3), 743–759.

“Intraday Patterns and Timing of TARGET2 Interbank Payments” (with Johannes Lindner and Marco Massarenti). *Journal of Financial Market Infrastructure*, 2012, 1(2), 3–24.

Physics

“Proton Beam Writing of Submicrometer Structures at LIPSION” (F. Menzel, D. Spemann, S. Petriconi, J. Lenzner and T. Butz). *Nuclear Instruments and Methods in Physics Research B*, 2007, 260(1), 419–425.

“Proton Beam Writing of Microstructures at the Ion Nanoprobe LIPSION” (F. Menzel, D. Spemann, S. Petriconi, J. Lenzner and T. Butz). *Nuclear Instruments and Methods in Physics Research B*, 2006, 250(1–2), 66–70.

“Proton Irradiation Effects and Magnetic Order in Carbon Structures” (P. Esquinazi, D. Spemann, K. Schindler, R. Höhne, M. Ziese, A. Setzer, K. Han, S. Petriconi, M. Diaconu and H. Schmidt). *Thin Solid Films*, 2005, 505(1–2), 85–89.

“Alternative Size and Lifetime Measurements for High-Energy Heavy-Ion Collisions” (S. Pratt and S. Petriconi). *Physical Review C*, 2003, 68, 054901.

“Statistical and Dynamic Models of Charge Balance Functions” (S. Cheng, S. Petriconi, S. Pratt et al.). *Physical Review C*, 2004, 69, 054906.

Working papers

“Shopped, Not Auctioned: How Learning from Rival Offers Fuels the Credit Cycle”.

Work in progress

“Boltzmann UTXO Coin Selection” (with L. Bönsel, M. Winstel and A. Tundis).

“When Stablecoins Run, Blockchains Stumble: A Novel Channel of Systemic Risk”.

Conference and seminar presentations

2026	NFA Conference (<i>scheduled discussion</i>)
2025	BIS Innovation Summit RT; FraDiFi; RWC
2024	BIS CBDC Architecture; Frankfurt School of Finance; Católica Lisbon
2023	BIS CBDC Cybersecurity Conference
2022	FIRS Budapest (<i>discussion</i>)
2021	MFA (<i>discussion</i>)
2020	IWH Halle; University of Luxembourg; Knut Wicksell Conference on Financial Intermediation (<i>presented by coauthor</i>); Frankfurt School of Finance (<i>presented by coauthor</i>)
2019	University of Auckland; WWU Münster; ESCP Paris
2018	EFA Warsaw; Goethe University Frankfurt; KIT Karlsruhe; SUNY Binghamton; Cornell; AFA
2017	Cornell/Penn State Macro Conference; OxFIT (<i>presented by coauthor</i>); CSEF-IGIER Symposium; FTG Summer Conference evening session; FIRS Hong Kong
2016	ESSFM Gerzensee
2015	LBS Second Conference on Syndicated Loans (<i>discussion</i>); FIRS Reykjavik
2014	LSE-SRC Economic Networks and Finance Conference (<i>discussion</i>); EFA Lugano; CSEF-IGIER Symposium; FIRS Quebec City (<i>discussion</i>); University of Vienna; Banca d'Italia
2013	University of Melbourne; University of Queensland; HEC Paris; Riksbank; Frankfurt School of Finance; European Central Bank; Banque de France; Bank of England; Bocconi University; London School of Economics; RES Postgraduate Presentation Meeting
2012	SAE Vigo
2009	Fifth Conference on the Economics of Software and Internet Industries (<i>presented by coauthor</i>); CRESSE; EEA-ESEM Barcelona

Awards and grants

Bocconi Research Excellence Award	2020
Bocconi Teaching Innovation Award	2018–2019
NVIDIA Hardware Grant	2018
BAFFI-CAREFIN Research Grant	2017
FI Scholarship, Generalitat de Catalunya	2009–2012
Allianz-Hölderlin Scholarship	2006–2007
Procter & Gamble Research Prize	2005
German National Academic Foundation (Studienstiftung)	2000–2005

Teaching

Investments (undergraduate and MFin), University of Calgary (scheduled 2027)
Finance with Big Data (MSc), Bocconi University; instructor and course director
Blockchain, DeFi and the Future of Banking (executive program), SDA Bocconi
Banking Theory (PhD), Cornell University
Financial Markets and Institutions (undergraduate), Bocconi University

Professional service

Ad hoc referee

European Journal of Operational Research; Journal of Banking and Finance; Journal of Corporate Finance; Journal of Economic Theory; Journal of Finance; Journal of Financial and Quantitative Analysis; Journal of the European Economic Association; Management Science; Review of Economic Studies; Review of Economics and Statistics; Review of Financial Studies.

Institutional service

Member, Haskayne Teaching with AI Working Group, Fall 2026
Member, Degree Committee, Bocconi Data Science MSc
Member, Program Design Committee, Bocconi Data Science MSc
Organizer, Bocconi Finance Seminar Series

Conference organization

Scientific Committee Member, EFA Conference 2023
Co-organizer, Financial Intermediation Workshop, 2022 (with Eva Schliephake)
Scientific Committee Member, EFA Conference 2022
Co-organizer, EuroFIT Conference, December 2018 (with Frederic Malherbe)
Local Scientific Committee, EFA Conference, 2021
Organizer, European Junior Banking Online Seminar Series, 2021–2023 (with Eva Schliephake)

Skills and languages

Languages. German (native); English and Spanish (fluent); Italian (intermediate)

Programming. Python, C/C++, Matlab, Java, R, Solidity

Data and systems. Apache Kafka, Spark, CockroachDB; distributed consensus, Ethereum, Linux kernel development

Machine learning. scikit-learn, TensorFlow, PyTorch
